

# GD GOENKA PUBLIC SCHOOL

SUBJECT: COMPUTER SCIENCE

Chapter no:03

Topic: Parts of a computer

THIS PDF IS NOT TO BE PRINTED

Objectives:

By the end of the topic student will be able to identify another part of a computer:

- CPU

Dear students let's first see how important is brain for our body:

- Do you know we can do all the awesome things in our lives is due to an essential organ in our body called "The Brain".
- Your brain is basically the boss of your body as it controls everything you do like:

LEARNING

THINKING

STUDYING

DANCING

FEELING SAD

FEELING HAPPY

- So we can now say that brain is an essential and important part of our body.
- In the same way, computer is also having an essential and important part that is known as CPU.

## CPU:

- CPU stands for central processing unit.
- CPU is the main part of computer.
- CPU is also known as brain of a computer.
- It helps computer to think and do all its work.
- It controls all others computer parts.
- All the other parts of computer are attached to the CPU by wires.

CPU
