Chapter 6: My school

Rooms in school (Page No. 43)

Library

- A library is very useful for students.
- It is a store house of knowledge.
- It helps students and teachers to learn more.

Computer Room

- It is very important for students to have computer room in the school, as they learn skills such as sending emails, using internet etc.

Library

There is a very big room in the school where there are many books.

This place is the **library**.

We go to the library to read books or borrow books.
